

We feel strongly about giving back to local youth who volunteer their time in order to improve their communities. As a 100% Saskatchewan-owned, not-profit co-operative, social responsibility is at the forefront of everything we do.

The Access Communications Scholarship Program grants grade 12 graduates across Saskatchewan the opportunity to apply for 20 \$1,000 Access Communications Scholarships. Not only do recipients have strong grades, they have a genuine passion for building their communities.

**Since 2005, we've awarded over \$320,000 in post-secondary scholarships, helping 1,300 Saskatchewan students go after their dreams!**

Full details and application forms about the Access Communications Scholarship Program can be found at <https://www.myaccess.ca/about-access/in-the-community/scholarship-program/>. Submission deadline is Thursday April 18, 2019.

#### **About Access Communications Co-operative**

Access Communications Co-operative is one of Saskatchewan's largest telecommunications companies, but we do so much more than provide reliable, affordable Internet, television, telephone and security services. What makes Access unique is our involvement in the communities we serve, especially through our Access7 community channels.

Access Communications began serving customers in 1978. Over the past 40 years, we have grown into a province-wide co-operative serving over 235 communities and 160,000 sq. km of rural areas in Saskatchewan. As a not-for-profit co-operative, we invest 100% of our earnings right back into the communities and rural areas where we live and do business. Sincerely,
