

Bike Tune Up and Safety Session

Friday, May 3rd, 2019 at Three Lakes School

Students are welcome to bring their bicycles for a spring tune up this day. Ryan Schnee has volunteered to go over the bikes and get them ready for a summer full of riding. He will also do Bicycle Safety with the students as well. The students will need a helmet if they are going to participate in the Safety Riding portion of this. Grades 7 through Kindergarten are welcome to bring their bikes and take part in this. We will start with the younger grades right after lunch and work our way up to the older students.

Take advantage of this great opportunity! Thanks. Mr. Schnee!
