

Good morning all!

I hope this letter finds you all well during this difficult time. I know most of you have had your children continue with Supplemental Learning and I acknowledge the challenges around this. Know that we all appreciate your patience and efforts. It is not perfect by any means but is essential in the continued development of your children. We appreciate your support and involvement in this process and will continue to work through it. Please reach out to any staff member or myself for support. We are all there for each other.

I am also writing this with mixed emotions as I would like to tell everyone involved in Three Lakes School that I have accepted the position of Principal of Wynyard Composite High School beginning this fall. It was not an easy decision for myself or my family. We have truly loved our 20 plus years in Middle Lake. We have made many friends over the years here and made many memorable moments. We truly have an amazing staff and body of students at Three Lakes. Words alone cannot suffice for the gratitude myself, Lesley, Jade, Morgan and Blaire feel towards you all, past and present.

We will miss many things here and believe that Three Lakes School and Middle Lake will continue to be successful. Sports teams have coops set up already and are ready to continue. The new Principal and staff of Three Lakes School will continue to supply top notch teaching and coaching in all aspects it always has. This is a new opportunity and challenge for myself and family and are excited about the opportunities it will provide.

I look forward to finishing off the year with you all and thank you for entrusting your children to me and our staff over the years.

Mr. Otsig
