

September 11, 2020

Hello families,

What an awesome week! It is great having our students back in school. I thank everyone, and I mean everyone, for helping put together a great first week. Students are doing an amazing job following the guidelines while adjusting back to school routines. Our staff has been great helping students with their return to school. Lastly, thank-you families for doing a great job preparing your children for their return to school. We will have bumps along the way, but we are all learning and working through items as they come up.

### **Forms**

Various school related forms were sent home this week. If you still have any form at home we ask that it be filled out and sent back with your child on Monday.

### **Water Bottles**

Please send your child's water bottle filled each morning. We do have a water filling station and a second is scheduled to be installed, but by having students come to school with bottles filled it helps to decrease student movement throughout the day. Students can use the filling station(s) if they need to refill their bottles.

### **Anti-Bullying**

At Three Lakes School we want to be as proactive as possible when it comes to student safety and well-being. This includes the prevention of bullying. Please see Horizon School Division's [Report Bullying SK](#) resource as well as the [Be Kind Online](#) resource.

### **Collaboration Day September 21st**

There is no school on this day as teachers and staff will be taking part in professional development opportunities.

That's all for now. Have a wonderful and safe weekend.

Mr. Burke  
Principal - Three Lakes School
