

What's Up @

EDUCATION WEEK (October 15 – 21)

“Building our Future by Learning Together”

At this time of the year, it's important to make sure that your children are properly dressed for the colder weather. They need hats, mittens or gloves, a warm coat, snow pants and boots to stay warm and dry. Gloves, mittens and socks can become wet when playing outside, so it's a good idea to send extra pairs in your child's backpack. The students go out for recess on most days to get fresh air and have some fun!

MONDAY, OCTOBER 16
